

Marathon It 2010

Together St. Mary's School Students, Faculty, Families and Friends Raised Over \$10,000.00 for this Years Marathon It.

CONGRATULATIONS

Monies raised will be going towards

- Providing books for our classroom libraries and textbooks for the various subjects taught in classes.
- Providing students with desks, chairs, chalk boards, overhead projectors
- St. Mary's teachers earn 63% of that of a public school teacher. Through your support we are able to offer our teachers medical benefits and help to sustain their salaries
- Your donations are put to great use. Some of our schools most basic needs are met because of your help. Classroom, office, art, and testing supplies are some of the smaller ways in which we make use of your generosity.

This year 10% of all monies raised will be going towards new playground/sporting equipment.

\$1000.00 has been set aside for this cause and another \$500.00 has been donated. In the up-coming month's students, faculty and student parents will be voting on how to use this money.
